

Field Trip Safeguard®

Keeping the Kids in Your Care Safe

Schools institute extensive risk management procedures to protect students, such as locks, entry systems, cameras, and emergency drills. In stark contrast, *field trip procedures have not advanced and endanger children:*

- ❌ **Name Badges**
 - Displaying student, school, and teacher information allows a stranger to easily gain student's trust
 - Threat to Teachers' safety; delayed return to group
- ❌ **No Identification Procedures**
 - Relies solely on child's communication; delayed return to group
- ❌ **Matching T-Shirts**
 - Limited protection, dangerous info exposure, delayed return

Increase Safety & Decrease Liability - Eliminate Unsafe Methods

Field Trip Safeguard® is a secure, automated system directly contacting *multiple* teachers on a field trip enabling *rapid* return of a child. Reused safety lanyards protect children's identities and teachers' personal information, while eliminating dangerous and stressful delays in return to their group.

- ✅ Protects Students' Identities
 - Removes methods for stranger to build rapport with child
- ✅ Direct Teacher Notification & Immediate Reunion
 - Private calls to up to 4 Teachers' / Leaders' phones
- ✅ Teachers' Personal Information Remains Confidential
 - Increase Teacher safety and morale
- ✅ Standardized, Secure Methodology
 - Safety lanyards used repeatedly by different grades/classes
- ✅ **Decreased School / District Liability**
 - Proactive procedure to protect children and staff

Protect your school **starting at just \$195 for an entire year**

- ✅ Cost effective replacing badges, shirts, personnel costs
- ✅ High Visibility • Custom Child Length • Break-away Clasp
