Protection & Privacy Through Your Cell Phone

*Simple, Secure, Immediate
Connection to
Family • Pets • Property*

People rely on their cell phones for freedom and safety, but it does not protect family and property. Receiving important calls on the health and safety of your family, returning lost property or pets, or concerns with your residence or assets are practically impossible since those that can help you do not have your phone number.

Safeguard Connect™ allows Good Samaritans, Emergency Officials, or others to reach you **immediately** without knowing your number. Keeping your phone number and identity **private** protects your family and property 24/7 and offers safety, privacy, and identity theft protection.

How it Works

Members keep their identity and phone numbers protected in our system by posting their patented ID number on their property or on a variety of tags provided. The caller dials the **Safeguard Connect™** automated 24/7 toll-free number on your ID tag and enters your ID number. The call is immediately and **privately** transferred to your cell phone, and if you are unavailable, the call can automatically forward to 3 additional numbers.

Safeguard Connect™ 24/7 service

- ✓ Identity and Phone Number Protection
- ✓ Multiple, Sequential Contact Persons
- ✓ Child, Elderly Parent, & Pet Connection
- ✓ Lost Property Recovery
- ✓ Residence & Property Protection
- ✓ Business Continuity & Asset Recovery
- ✓ One Low Annual Fee
- ✓ *Ultimate Cell Phone Dependability*

Safeguard Connect™ allows you to depend on your cell phone to protect your family and property, and maintain your privacy.

My Child Safeguard™

Bag tags & wristbands protect your child's identity and create a direct link to **both parents** in case of separation, medical emergency, or lost property. Children forget phone numbers under stress and time is of the essence for their safety. Ensure you can be contacted.

My Pet Safeguard™

Membership pet tags create a direct connection to **multiple owners** to return a lost pet, or help them when needed. Keeping your home phone, cell phone, address, and pet's name confidential helps ensure the safety of your identity, family, pets, and home.

My Property Safeguard™

Allows **immediate return** of lost laptops, phones, keys, iPods®, cameras, golf clubs, luggage, etc. Allows **direct notification** if home, condo, apartment, vacation property, or boat are subject to burglary, vandalism, natural damage, or police inquiries.

Special Care

Elderly parents and **special needs** children and adults even more significantly benefit from the added safety of being directly connected to their loved ones.
